# Maintenance Industry Report

Barometer of sentiment on the economic development of the maintenance industry

## Maintenance Industry Report

... Barometer of sentiment on the economic development of the maintenance industry

## The industry report

... provides a realistic and complete picture of the current situation and expectations for the future development of the maintenance industry in Germany.

## The survey

... is aimed at specialists and managers from industrial maintenance service providers and in-house maintenance departments.

## The online questionnaire

... is quick and easy to answer within 5 to 10 minutes. In addition to the recurring standard questions, an individual special topic is included. The special topic, which is adapted quarterly, addresses current trends and developments in the industry.

## The evaluation

... is carried out by the Competence Center Maintenance of the FIR e. V. at RWTH Aachen University. The results are available for free download at [mir.ih-indikator.de](http://mir.ih-indikator.de).

## The survey

... and dissemination of results take place on a quarterly basis.
