THE NETWORK

The FIR e. V. connects people from industry, research, politics and associations. In the network they use the interdisciplinary exchange and the access to current expert knowledge as impulse givers for new projects, as door openers for contacts and partnerships, for the development of new ideas and innovations.- to prepare for the challenges of tomorrow.

As a member of the FIR e. V., you benefit from the motivation of a broadly community, the special closeness to the FIR and many exclusive services. Keep an eye on the latest research results and trends, learn from the challenges and solutions of the members, take advantage of discounts and offers.
